

CSL TOOLKIT: PROJECT PLANNING
WORKSHOP PARTICIPANT PACKET

CSL Toolkit: Project Planning—Exercise 1

Identify Issue/Problem:

Select one Healthy People 2020 topic from the options below.

Topic: Access to Health Services

Goal: Improve access to comprehensive, quality health care services.

Objective: By December 31st, 80% of individuals who are unable to obtain or delay in obtaining necessary medical care will have applied for Medicare as measured by number of applications completed.

Baseline: 10 percent of all persons were unable to obtain or delayed in obtaining necessary medical care in 2008.

Topic: Adolescent Health

Goal: Improve the healthy development, health, safety, and well-being of adolescents and young adults.

Objective: By June 30th, 80% of adolescents will have had a wellness checkup in the past 12 months as measured by tracked by medical records.

Baseline: 68.7 percent of adolescents aged 10 to 17 years had a wellness checkup in the past 12 months, as reported in 2008.

Topic: Tobacco Use

Goal: Reduce illness, disability, and death related to tobacco use and secondhand smoke exposure.

Objective: By October 1st, 30% of clients participating in the clinics “Smoke No More” program will have quit for 3 months or more, as measured by surveys.

Baseline: 20.6 percent of adults aged 18 years and older were current cigarette smokers in 2008.

State Problem to be addressed:

Set Goal & Objectives:

State the goal and objectives for the identified issue/problem.

Goal--

Objective 1--

Objective 2--

CSL Toolkit: Project Planning—Exercise 2

The Logic Model:

Develop the impact, outcomes, outputs, activities, and inputs components of the logic model.

Impact--

Outcome(s)--

Outputs--

Activities--

Inputs--

Logic Model Template

Inputs	Activities	Outputs	Outcomes	Impact
<p><i>What's you invest</i> <i>(ex: Medical student)</i></p>	<p><i>What you do</i> <i>(ex: Administer flu vaccinations)</i></p>	<p><i>Who you reach</i> <i>(ex: 200 vaccinations)</i></p>	<p><i>Changes to occur</i> <i>(ex: Population of adults are now protected against the virus)</i></p>	<p><i>Change to situation</i> <i>(ex: Increase access to preventative services)</i></p>
